Sir,

Sub. Education - Hojmadi Kodi School - Building - Extension - Proposals.

The accommodation available at present in the Fisheries School at Hojmadikodi is for 126 pupils. In the G.O.No.Ms.2773, Development, dated 16-7-1945, sanction was accorded to put up an additional building for the School to accommodate 100 pupils more. The present strength of the school is 252. Proposals have already been submitted to Government for opening Standard VII in June 1946 and when Standard VIII also is subsequently opened in 1947 the total strength of the school may be expected to be 400. The house owner has requested for permission to extend the building providing for 274 pupils more at a stretch instead of putting up an

extension

extension for 100 pupils now and then again going for a third extension.

A | I request that Government may be pleased to permit the owner of the building to provide an extension to accommodate 274 pupils on an assurance of payment of an additional rent as assessed by the P.W.D.
